

HEAVY ASSAULT RIFLES

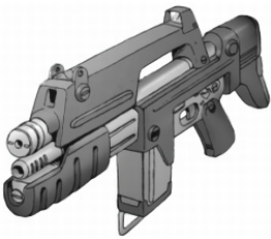

Those rifles are considered as weapons for strictly military purpose in the United States, if you are referring to the weapons federal law of 1999. That is why, they are only used by soldiers, corporate militias... and by all those who don't obey the laws. That is why they are common.

Concealability : Non concealable	Cost : 1620 eb
Magazine : 100	Description : Cyberpunk 2021
Rate of fire : 2/3/25	Length : 62 cm
	Country : Japan
A strange design for this weapon designed by Seburo on a special order from the US Army. The latter wanted an assault rifle with large capacity. This wish was concretized thanks to a drum magazine and a loading system derived from the FN P90. However, the magazine tends to affect the balance of the weapon, which is detrimental to its accuracy.	

Seburo PDW-16	
Type : Assault rifle	Cartridge : 7.62C (6D6+2)
